
Material Specification Sheet**Product:**

M-737

Description:

The M-737 is designed to provide a "void" message in the facestock when removal is attempted and bonds well to a wide variety of substrates including high and low surface energy plastics.

Recommended Applications:

This label is recommended for tamper indicating labels and seals for over-the-counter drugs and other packaging applications, as well as non-transferable labels for automotive, appliance and electronics industries. UL recognized in files MH11410 and MH16411

Facestock:

The durable, gloss white polyester label facestock is topcoated, and withstands harsh environments.

	<u>Value</u>	<u>Units</u>	<u>Test Method</u>
Caliper:	2.0	mil	

Adhesive:

Label features a 1.0 mil #300 high strength acrylic that provides a high bond to most surfaces.

	<u>Value</u>	<u>Units</u>	<u>Test Method</u>
Service temp:	-40° to +250°	Fahrenheit	

Liner:

The 55# densified kraft liner assures consistent die cutting.

	<u>Value</u>	<u>Units</u>	<u>Test Method</u>
Caliper:	3.2	mil	

Shelf Life:

If stored under proper conditions, product retains its performance and properties for two years from the date of manufacture.

PRODUCT DISCLAIMER

All labels and label material constructions are sold with the understanding that the purchaser has independently determined the suitability of each product for the application for which it is purchased. The seller disclaims any implied warranty of fitness of a product for a particular purpose. All materials should be tested thoroughly by the purchaser under end-user conditions to ensure they meet the requirements of a specific application.
