

**Material Specification Sheet****Product:**

M-129

**Description:**

A paper facestock designed to provide a high level of destructibility when combined with the appropriate adhesive. It features a black barrier coat applied to the backside for added opacity, with a general-purpose hot melt, rubber based adhesive and a bleached kraft liner.

**Recommended Applications:**

For applications requiring adhesion to a broad range of packaging surfaces including corrugated, bond paper, saran, polyester, shrink wraps, polyethylene films, steel, painted metal and glass.

**Facestock:**

A paper designed to provide a high level of destructibility when combined with the appropriate adhesive. Features a black barrier coat applied to the backside for added opacity.

	<u>Value</u>	<u>Units</u>
Caliper:	3.6	mil
Tensile: MD	34	lb/in <sup>2</sup>
CD	16	lb/in <sup>2</sup>
Tear: MD	53	grams
CD	66	grams
Opacity:	90	percent

**Adhesive:**

A general-purpose permanent hot melt, rubber-based adhesive with excellent quick-stick properties.

	<u>Value</u>	<u>Units</u>
Caliper:	0.6	mil
Application temp:	+40°	Fahrenheit
Service temp:	-50° to +150°	Fahrenheit

**Liner:**

A 39.6# bleached kraft liner featuring excellent die cutting and stripping characteristics.

	<u>Value</u>	<u>Units</u>
Caliper:	2.5	mil
Tensile: MD	35	lb/in <sup>2</sup>
CD	15	lb/in <sup>2</sup>
Tear: MD	42	grams
CD	48	grams
Opacity:	64	percent

**Shelf Life:**

One year, under standard storage and humidity conditions

**PRODUCT DISCLAIMER**

All labels and label material constructions are sold with the understanding that the purchaser has independently determined the suitability of each product for the application for which it is purchased. The seller disclaims any implied warranty of fitness of a product for a particular purpose. All materials should be tested thoroughly by the purchaser under end-user conditions to ensure they meet the requirements of a specific application.
