

---

**Material Specification Sheet****Product:**

M-184

**Description:**

A heavyweight thermal transfer sheet that features a smooth surface and coating chemistry to enhance thermal transfer print quality and bar code durability.

**Recommended Applications:**

This material is recommended for event tickets, transportation tickets, garment hang tags, and other thermal transfer print tag applications.

---

**Facestock:**

A smooth surface combined with coating chemistry to enhance bar code durability and thermal transfer print quality. The reverse side coatings create a balanced, flat sheet to benefit holdout and printability.
