

Material Specification Sheet**Product:**

M-895

Description:

An over laminated, self-wound polypropylene tape.

Recommended Applications:

This material is recommended for application requiring UV light, chemical, and abrasion resistance. Material meets government specifications 21CFR177-1529 for indirect food contact.

Facestock:

A biaxially oriented polypropylene film facestock.

	<u>Value</u>	<u>Units</u>
Caliper:	0.8	mil
Tensile:	16	lb/in
Elongation:	140	%

Adhesive:

An emulsion acrylic adhesive that meets government specifications 21CFR177-1529 for indirect food contact.

	<u>Value</u>	<u>Units</u>
Application temp:	32°	Fahrenheit
Service temp:	0° to +200°	Fahrenheit
180° Peel:	12	oz/in

Shelf Life:

One year, under standard storage and humidity conditions

PRODUCT DISCLAIMER

All labels and label material constructions are sold with the understanding that the purchaser has independently determined the suitability of each product for the application for which it is purchased. The seller disclaims any implied warranty of fitness of a product for a particular purpose. All materials should be tested thoroughly by the purchaser under end-user conditions to ensure they meet the requirements of a specific application.
